

Rotary District 9940 Conference: Shaping our future, together

Join us for a Rotary Conference with a difference- you don't need to leave home!
This year's Conference, Shaping our Future will be run solely online; coming to your screens on the evening of Friday 8th April and the morning of Saturday 9th April 2022. Please save the dates!

Conference programme outline:

- **Friday 8th April 2022, 6-8pm** - Official welcome followed by a lively 'Dragons Den' debate with well-known personalities, including Rotary Club of Wellington's own honorary member, the Hon. Grant Robertson, Deputy Prime Minister and Member for Wellington Central.

- **Saturday 8th April 2022, 9am-12.30pm** - A time to connect and discuss how we build a shared vision for Rotary in our district. We will hear from our District Governor and an array of special guests from across community, government, non-profit, and our own District Clubs.

Tailor your experience by choosing which of the informing and inspiring breakout sessions to attend, virtually. Whether it's service and fellowship which interest you, or membership, diversity and inclusion, there will be something for everyone to learn, and be inspired.

The sessions will move quickly with generous breaks, and we fully expect your comments in the breakout sessions to inform our approach to developing our future. The Conference will close at 12.30pm on Saturday 8th April.

Registration details will follow shortly along with a list of speakers.
